

Is your community group in need of a grant to support a project or activity across South Gloucestershire?

Our Area Wide Grants can help support organisations working across South Gloucestershire.

Applications can be made at any point during the year for projects that will be run in at least 6 of the 14 Community Engagement Forum areas (see map on reverse).

- The maximum grant is £3,000, though higher awards may be possible for exceptional projects.
- The first step is to find out more at www.southglos.gov.uk/AWG and to register your organisation with our online grants system.
